

Schedule of Services and Fees

The advisors at Pursuit Wealth Strategies provide fee-based wealth management services. We develop strategies for individuals and families to help give them financial confidence. We offer deep expertise and industry leading results in our portfolio investment management process for which we are compensated by asset-based fees. We also assist with financial issues for which we are compensated by financial planning fees.

*With assets under management of \$250K or more, financial planning services are included in the investment management fee.
